Ref: National Indoor Arena, National Sports Campus, Dublin – Mechanical Services

Dear Tony,

I want to take this opportunity to thank you on a job well done on the National Indoor Arena, National Sports Campus, Dublin.

The design, quality, diligence, and integrity displayed by Riverside Mechanical Ltd carried the project from inception through to commissioning and on schedule.

The compressed construction schedule left no room for error and Riverside Mechanical displayed teamwork from day one, always engaged and responsive, and a pleasure to work with at all times. I was thoroughly impressed with the work and attitude put forth by all employees of Riverside Mechanical.

Riverside's high level of professionalism, reliability and understanding of our business requirements are key characteristics that distinguish them from the competition.

Riverside Mechanical were very professional in all aspects and got the job done in a timely manner and very flexible towards any changes which incurred during the design and installation period. I would not hesitate to recommend Riverside Mechanical to others in the construction industry. I want to thank you for a job well done and we look forward to future work.

Our sincerest thanks for a job well done.

Yours Sincerely,

Oran McCloskey
