

United Drug Group Citywest

Client: United Drug Group
Design: Baker O'Reilly Consultants
Main Contractor: Riverside Mechanical Ltd

Riverside took the role of Main contractor in Retro fitting existing United Drug Group Headquarter Facility in Citywest, Co Dublin.

Work on phase one of the investment included an upgrade of the company's 300,000sq ft warehouse facility. The company said the upgrades had "exceeded expectations".

The upgrade works consisted of but not limited to:

- Installation of Air Handling Units with DX cooling coils.
- Installation of complete new AC systems.
- Upgrade of ventilation duct and Insulation.
- Electrical Services & BMS Installation all carried out within a live operational facility.
